WENDELL GRADED SCHOOL

Published by  
The Senior Class  
of

Wendell High School

Wendell, N.C.

The Light of Education

The Light of Education shines brightly wherever man yearns to learn and to better himself and his environment. Since we began school in the first grade, we have been following our lighthouse, the guiding beam which will eventually lead us, dauntless and unafraid, into the dimly lit future.

Our guiding light, the administration, led us unfalteringly through high school with patience and understanding.

From the glow of youth in junior high, we rose to a star in darkness as freshmen, a beam of hope as sophomores, a ray of understanding as juniors; and, finally, we have reached the summit of our high school days as seniors, the flame of the future.

The beam of fellowship, our extracurricular activities and organizations, has developed better understanding among students.

Also shining brilliantly in our school life is the glow of competition, athletics, which has created within us better sportsmanship and a keener interest in and desire for good teamwork.

Our school life has many rays which shine enduringly throughout the years, lighting the path that one day may lead the way to peace and brotherhood among all men.

## To You . . .

who has been the keeper of the lighthouse, our guide, unfaltering through the past four years, we, the Senior Class of Nineteen Hundred and Sixty-Three of Wendell High School, as an expression of our gratitude and love, wish to dedicate this edition of THE ECHOES to MR. LINWOOD C. MURPHY.

"The keeper of the lighthouse does not launch any ships, it is true; but he keeps many a good ship from going to wreck. The light shines farther than the keeper can see, and brightest where he cannot see at all."

# ADMINISTRATION

## Our Principal

You, the members of the Graduating Class of 1963, are standing on the threshold of life's vast opportunities. The decisions, the choices, and the judgments you make at this time will set the pattern and determine the final design of your bargain with life. Take heed therefore, to the wisdom of Jessie B. Rittenhouse's words as his pen wrote:

"I bargained with Life for a penny,  
And Life would pay no more,  
However I begged at evening  
When I counted my scanty store;

For Life is a just employer,  
He gives you what you ask,  
But once you have set the wages,  
Why, you must bear the task.

I worked for a menial's hire,  
Only to learn, dismayed,  
That any wage I had asked of Life,  
Life would have paid."

--Ronald D. Berry  
Principal

# ACTIVITIES

# Class History

With mixed emotions we, the Seniors of Nineteen Hundred and Sixty-Three, find the guiding light of Wendell School will soon fade into the past. Most of us have spent twelve wonderful years here, some have spent more. As we near the end of this journey, we look back into time. Our minds wander, and our class history unfolds before our eyes.

As I remember, it all began in September of Nineteen Hundred and Fifty-One. Yes, that was when the group of six-year olds entered Wendell School for the first time. Mrs. Wells and Miss Bova soon gained the confidence of us frightened young children and taught us our fundamentals.

By our second year, we were old "pros." Miss Wootten and Mrs. Stott guided us through that year. We became quite expert in our art work under the leadership of Miss Wootten.

Mrs. Ethel Todd, our third grade teacher, knew how to interest us in our studies--she bribed us! Our rewards were such goodies as popcorn and candy. Umm, can taste them now.

In the following years, the time seemingly traveled quickly. The multiplication tables, geography of South America, soil conservation projects, chapel programs, and much more filled our minds with never-to-be forgotten knowledge.

We, then, took the big step from the eighth grade into high school. Feeling just as nervous and excited as when we first entered school as six-year olds, we soon became familiar with high school life and our new subjects: general science, algebra, and English.

Biology and Algebra II headed our course of study during our sophomore year. We'll never forget dissecting earthworms, starfish, and other animals that we had studied.

And finally, we were juniors. What excitement and new experiences that year brought. Our Junior play, Aunt Tillie Goes To Town, a hilarious farce, proved very worthwhile--thanks to the efforts of our class and Mrs. Roland Heath, our sponsor. "Would you like to buy some Christmas cards?" Oh, those familiar words! It was during our eleventh year that we learned it is difficult, extremely difficult, to sell anything. When spring rolled around we busied ourselves with the all-important Junior-Senior Prom. The theme was "Roman Holiday," and for a few wonderful hours on May 11, we were in the beautiful world of old Italy.

The year--1962-1963. We were seniors, and we must pinch ourselves to be sure it is true. Mrs. Elwood Perry led us through this year. Well, would you not know it, we were selling again--this time, magazines. We did not quite meet our goal, but our Senior play more than made up for our loss. This past spring the juniors treated us to a beautiful prom. To them we now express our thanks. We'll never forget it.

And now it is time to say good-bye. Through twelve years of sharing and playing, learning and growing, Wendell School has been our beacon, our guiding light. Now, we are leaving; it is our decision as to where we go from here. We may grope in darkness, follow another guiding light, or become a lighthouse in this world of darkness.

MOTTO

"Today Decides Tomorrow"

POEM

For twelve long years we've called  
You home, dear Wendell School 'tis true  
But all too soon our farewells are said,  
Our days are numbered few.

To all our friends we'll leave behind,  
You'll all remain as dear  
As when we laughed and cheered in  
Fun, we'll think of you next year.

Our understanding teachers, to you  
We owe our all  
You gave us courage, strength, and  
Wisdom and helped us to grow tall.

We must leave now with tearful hearts,  
For time does not delay.  
The future may change our tiny spark  
Into the mighty day.

MARY ANN KNOTT  
Poet

SONG

The days we spent at Wendell High  
Will always in our memory lie.  
We will have these moments to remember.  
Our teachers and the friends made here  
Will always in our hearts be dear.  
We will have these moments to remember.

Although we now are leaving and the  
present disappears.  
The happiness that we have shared will  
echo through the years.  
When other nights and other days  
May find us gone our separate ways,  
We will have these moments to remember.

And though we leave dear Wendell High,  
These memories will never die.  
We will have these moments to remember.

PATRICIA MURPHY  
Song Writer

# Last Will and Testament

State of North Carolina  
County of Wake

We, the Senior Class of Nineteen Hundred and Sixty-Three, of the aforesaid state and county, being of sound mind and body, do make, declare, and publish this, our Last Will and Testament in manner and form as follows:

## ARTICLE I

To Mr. Berry, our principal; to Mrs. Perry and Mrs. Heath, our Senior and Junior sponsors; and to the Faculty, we leave our sincere gratitude for their guidance throughout our years at Wendell High School.

## ARTICLE II

To the Juniors, we leave the following:

I, Carolyn Painter, leave all my witty ways to Anitra Todd and Patti Fioretti. Of course, they don't really need them.

I, Brenda Gravitt, leave my place as guard on the basketball court to Nancy Gravitt, my sister. Beware of "bulldogs"!

I, Don Richardson, leave my dare-devil driving to Bill Vaughan and Sid Baynes.

I, Janice Medlin, leave my "shyness" to Jean Liles and Vickie Raper.

I, Curtis Johnson, leave my ability in English to W. T. Pennington and Thomas Harris.

I, Johnny Paul Dean, leave my love for a good time to Carlton Fuller and Larry Perry.

I, Mary Ann Knott, leave my many good times riding around to Celeste Jeffreys and Sally Ann Buchanan.

We, Patricia Bissette and Ann Rhodes, will our speed in typing to Paul White.

I, Jerry Alford, leave my ability in sports to Johnnie Alford.

I, Mary Jo Hester, leave my prose to Jane Chamblee and Charles Dyer.

I, Bucky Whitley, leave my "pesty" ways to Tommy Earp and Jan Strickland.

I, Lynn Chamblee, leave Jerry Liles and the junior substitutes in charge of the bus speedway.

I, Margaret Thomas, leave my quiet ways to Marshall Roberts and Jim Bailey. They really could use them.

We, George Nowell and Fumey Todd, will our love for football to William Griffin and Bill Cook.

I, Patricia Murphy, leave my love for parties, dancing, and letters to Linda Horton.

We, Mary Alice Earp and Ella Wayne Marshburn, leave our love for rambling to Patricia Riley and Brenda Ray.

I, Don Strickland, leave my desire to cut up in class to Scott McLean and Bobby Parrish.

I, Linda Moody, leave my "crazy" ways to Sharon Cooke.

I, Mike Larson, will my ability to be injured to Ted Tucker.

I, Carol Lane, leave my bashful ways to Judy Carter, Rosetta Ezzell, and Betty Flowers.

I, Anne Alford, will my love for cheerleading to Ann Knott and Linda Sue Raper.

I, James Honeycutt, leave my ability in math and chemistry to Dan Strickland and Ray Hinnant. They always did love it, didn't they?

# Prophecy

As the light falls on the future, I view the activities and achievements of my former classmates at Wendell High School.

Anne Alford was the first woman on the moon, she drove her Ford all the way.

Jerry Alford is now playing pro football. His big, little brother does not pick on him anymore. Patricia Bissette is secretary to a fine organization known as Men, Unlimited. She is the only female employee.

John Paul Dean has secured his first million--Million what? Million eggs. He owns a chicken farm.

Mary Alice Earp and Ella Wayne Marshburn always were good friends. Now they live next door to each other--in Zebulon, naturally.

Brenda Gravitt is coaching the Harlem Globe Trotters, and Lynn Chamblee is the star manager. He carries the water better than anyone ever has.

Mary Jo Hester is married to Troy Donahue and is a leading lady journalist in Hollywood.

James Honeycutt is a professor at Duke, where he is in charge of the Maintenance Department. Curtis Johnson, who, by the way, has had an increase in the size of his family since our high school days, is now Athletic Director at State. Everyone knows how hard he used to pull for Carolina.

Mary Ann Knott is the proud mother of four boys - all of which are over six feet tall.

Carol Ann Lane has just finished writing a best seller "How Not to Be Bashful."

Mike Larson is attending Wendell High School. He is taking a refresher course in French, Chemistry, and English.

Janice Medlin is working for Revlon. She is perfecting a product for straightening curly hair.

Linda Moody, now the mother of four children, continues to drive her black Ford at a mighty pace.

Patricia Murphy received her M.D., but is directing instead, Arthur Murray's schools. She always was a whiz at new dances.

George Nowell graduated from State and is the Frank Lloyd Wright of this age. He has just recently retired to his own private island in the South Pacific.

Carolyn Painter is the owner of a large truck farm. She has the latest model cars, trucks, and tractors.

Ann Rhodes has written a book Ten Easy Steps to Irritate A Teacher.

Don Richardson is in charge of the Wake County School Bus Lines.

Don Strickland has taken Charles Atlas's place, he is now 6'3" and very slim and muscular.

Furney Todd is a plant pathologist in charge of the National Science Fair. It seems he won so many awards that he knew all about it.

Bucky Whitley still drives a Ford, but he owns Chevy, Inc., in Wendell.

I, Margaret Thomas, am now busy tending to my six boys, none of whom are over five feet-six inches tall.

MARGARET THOMAS  
Prophetess
